

# SPMB 10 Bidirectional sound projector

## TECHNICAL SPECIFICATIONS

### SPMB 10

**SPMB 10 is 2x5W bidirectional aluminium sound projector designed for speech and music reproduction for indoor or outdoor application.**

Robust and solid aluminium body construction together with a small slide bracket allows extremely close mounting near the walls or ceilings. The two loudspeakers facing in opposite directions are ideally suited for long corridors, supermarkets, car parking lots, petrol stations, railway stations. Dust and water resistance (IP55) is the reason why this sound projector can be used in open air as well.
